# Bring Us Our Rights

A short version of the Disabled People's Manifesto

This document was written by **Disability Wales**. It is an easy read version of **Bring Us Our Rights: The Disabled People Manifesto briefing**.

**December 2020**

# Introduction

**Disability Wales** is an organisation that protects the rights of disabled people in Wales.

We have been talking to disabled people about things they find difficult living in Wales.

Now we will be talking to all the **Political Parties** in Wales about how they can make things better.

A **Political Party** is a group who agree how to make life better for people. They come together and have a candidate for an election. In Wales **political parties** include:

- Plaid Cymru
- UK Independence Party (UKIP)
- Welsh Conservatives
- Welsh Labour
- Welsh Liberal Democrats

This document is our **manifesto briefing**.

A **manifesto Briefing** is a short document that tells about things that an organisation wants to work on.

This **manifesto briefing** helps us to understand what we need to work on to support disabled people in Wales.

# What are the things we need to work on

There are 6 things we need to work on to support Disabled People's rights.

They are:

1. To follow the **United Nations Convention on the Rights of Disabled People (UNCRDP)**.

**United Nations Convention on the Rights of Disabled People** is a document that tells us about the rights of disabled people.

It gives a **framework** for making sure people's rights are supported.

**Framework** is a plan for when and how to do things.

2. **Support other people to understand the difficulties disabled people have.**

**3. Support more disabled people to live the way they want to.**

**4. Get more support from health and social services for disabled people.**

**5. Make it easier for more disabled people to get a job. And support them better at work.**

**6. Make sure disabled people have a place to live that meets their needs.**

We think these 6 things will help to make Wales a place where disabled people have the same chances as others.
