

# BE AWARE OF SCAMS ABOUT COVID-19 VACCINATIONS

If you are contacted about a vaccine, remember any contact regarding a real NHS COVID-19 vaccine booking **will never;**

- Ask for payment or any bank details
- Ask you to press a button on your keyboard when on the phone
- Ask you to send a text to confirm a booking.

Never provide copies of personal documents such as your passport or driving license, the NHS won't ask for these.

The NHS will never charge for a COVID-19 vaccination, anyone claiming to offer you the vaccine who asks for payment, is attempting to scam you.

The NHS will never arrive unannounced at your home to administer the vaccine.

When you are contacted about your legitimate vaccine, you will be offered to go through either your GP or the national booking service.

**If you believe a call to be a scam, hang up**

You can report it at 0300 120 2040

If you receive an email you are suspicious about you can forward it to [report@phising.gov.uk](mailto:report@phising.gov.uk)
